Computer Document Management Systems | 717-540-1301. Winner of the 2009 AIIM Carl E. Nelson Best Practices Award in Enterprise Content Management.

### **CDMS - Computer Document Management Systems**

A system architecture or systems architecture is the conceptual model that defines the structure, behavior, and more views of a system. An architecture description is a formal description and representation of a system, organized in a way that supports reasoning about the structures and behaviors of the system.
